VOICE. DATA. MOBILE. **MORE.**

## **GET CONNECTED.**

### **INCREASE PRODUCTIVITY AND REDUCE COSTS WITH OUR INDUSTRY-LEADING SOLUTIONS FOR BUSINESS.**

Skywire has been providing robust, enterprise-level products, services and solutions across the New York Tri-State area and beyond since 2002. With scalable solutions, a fast and reliable network infrastructure, and customer support from our dedicated team of experts, we'll keep your business connected and running at its peak, now and into the future.

#### **Internet**

Fast. Reliable. Scalable. Our Internet is built for business success. We offer a diverse choice of solutions including DIA, BIA and HSI, tailored for your specific applications and requirements, all while optimizing your budget.

#### **Ethernet**

Skywire offers scalable, industry compliant options for private networking including E-Line, V-Line and E-LAN services with multiple bandwidths to choose from.

#### **Managed Wi-Fi**

A solution for every business including Business Wi-Fi, Advanced Business Wi-Fi and Enterprise Business Wi-Fi, installed and maintained by our team of Wireless Specialists.

#### **Voice/UCaaS**

From phone systems, private branch exchange calling plans, to mobile applications, video collaboration and much more, our leading-edge solutions empower your business to meet today's challenges.

#### **SD-WAN**

Our SD-WAN is a turnkey, cloud-managed solution with a rich set of features including network performance visibility, application analytics and advanced options, giving you insights from your network edge. Perfect for every size business from large corporations to remote work locations.

#### **Cloud Connect**

Skywire delivers fast and secure, enterprise-level connectivity to the Cloud with multiple configurations and major data center locations to choose from. Our cost-effective designs are customized to maximize the performance of your mission-critical applications.

#### **Skywire Mobile**

Skywire Mobile for Enterprise provides voice and data service for mobile applications and workforces. Our mobile offers are backed by the world's largest mobile operators providing the choice and flexibility you need to deliver the right bandwidth and capability no matter where your business takes you.

## Discover The Skywire Difference

Welcome to Skywire Networks, a leading provider of high-speed, reliable and innovative connectivity solutions. With a strong commitment to excellence, we empower businesses and organizations to thrive in the digital era. Our mission is to revolutionize the way people connect, communicate and collaborate by delivering cutting-edge technology and exceptional services.

With over two decades of delivering industry-leading solutions, Skywire has grown to become a trusted name in the telecommunications industry.

We specialize in designing and deploying customized fiber-optic and wireless networks that cater to the unique needs of enterprise organizations, small businesses, branch and remote offices.

## Outstanding Customer Support

Skywire has an unwavering commitment to customer satisfaction. Our strong local presence and extensive community knowledge makes us the leading fixed wireless provider in the heart of New York City while providing customers with reliable, affordable and high-quality service in the areas that need it most.

We believe in building long-lasting partnerships with our clients by providing them with outstanding service and support throughout their journey with us. From initial consultation and design, to installation and ongoing maintenance, our team is dedicated to ensuring a seamless and hassle-free experience for every client.

## Serving Diverse Markets

Our agile and reliable network infrastructure enables us to proudly serve diverse markets with high-performance connectivity solutions. We tailor our solutions to meet the unique needs of each business or organization.

Market segments include: Large companies, government agencies, educational institutions, financial firms, healthcare providers, technology businesses, law firms, media companies and more.
